---

## Exhibitions

---

### Technology Posters

TECC East, Lewisville, TX, 2019. Campus Posters.

Created three posters to represent and illustrate the various programs offered by the Career Center. The posters were printed and displayed throughout the school, serving as visual representations of the center's resources for students.

### Hallway Art & Photography Display

Flower Mound High School, Flower Mound, TX, 2021. Hallway Exhibition.

Selected artworks and photographs were displayed in the school hallways as part of a curated student showcase. The works explored themes of day-to-day life.

### Metalsmithing Luminary Display

University of North Texas, Art Building Display, Denton, TX, 2023.

Designed and crafted a luminary as part of a metalsmithing project. The piece was selected for display outside the metalsmithing area of the art building.

### Metalsmithing Ring Display

University of North Texas, Art Building Display, Denton, TX, 2023.

Created a handcrafted metal ring, which was displayed outside the metalsmithing area of the art building. The piece demonstrated technical skill and attention to detail in jewelry-making.

### Symphony – Sound Art Installation

Substrata Exhibition, Sweet Pass Sculpture Park, Dallas, TX, 2024.

Collaborated with a group of three to create *Symphony*, a sound-based artwork exploring the layers of the Earth under Texas. The piece was featured as part of *Substrata*, a larger collective project, and was played in the outside museum space

at Sweet Pass Sculpture Park.

## **Photography Exhibition**

3rd Floor Exhibition Space, UNT Art Building, Denton, TX, 2024.

My photographs were displayed in the 3rd-floor exhibition space of the UNT Art Building, showcasing my exploration of the environment and construction.

## **Panzoism - 3D Environment Showcase**

Paul Voertman Gallery, UNT Art Building Atrium, Denton, TX, 2024.

Created a 3D-rendered fantasy witch's dwelling in Maya called *Panzoism*. The final render was exhibited alongside class submissions in the Paul Voertman Gallery, showcasing digital world-building and environment design.

## **Figure II Skeleton Drawings**

4th Floor Project Space, CVAD, UNT, Denton, TX, 2025.

Displayed an anatomical skeleton drawing created for Figure II coursework. The exhibition highlighted observational drawing skills and anatomical accuracy in a dedicated project space within CVAD.

## **Entropy's Vault - CVAD Gallery Show**

Paul Voertman Gallery, UNT Art Building Atrium, Denton, TX, 2024.

Showed a video of a screen recorded artwork. Projected in the hallway gallery space in the atrium of the art building at UNT for two weeks.
